## January: Monthly statistics and new partnership

As per January 31 2014, the number of customers at Avanza Bank amounted to 322,500, an increase of 6,000 since the beginning of 2014. The number of accounts amounted to 556,500. Preliminary net inflow in January was SEK 2,250 m.

Avanza Bank is negotiating a partnership with another Swedish institute. The partnership is estimated to start during the second half of 2014 and is expected to yield a growth in savings capital of SEK 4-5 billion. It will not require changes in Avanza Bank's operation nor any investment costs. Avanza expects the revenues from this savings capital to be slightly lower than that of current capital. Assuming that the negotiations go as planned the parties are estimated to be ready to enter a contract in March. As soon as the contract has been signed more information on the partnership can be disclosed.
